STUDY VISIT

# A WALK THROUGH THE HISTORY OF MEDICINAL PLANTS IN BASILICATA

NOVEMBER 7-11, 2022

---

CREA (Centre for Agricultural Policies and Bioeconomy), lead partner, the University of Basilicata and the Lucana Agency for Development and Innovation in Agriculture have organized "A walk through the history of Medicinal Plants in Basilicata", study visit congruent with the MEPLASUS project.

The objective of the visit is to further explore the local Medicinal Plants (MP) micro-supply chain, to encourage the dissemination of knowledge and experience between the partners and their stakeholders, as well as the transfer of territorial development models in inner area.
